

# Motor quotes aren't required anymore

QBE's Accredited Smash Repairer (ASR) Network turns around customer repairs faster than if they get their own quote.

QBE's ASR Network has been designed for customers, taking the legwork out of them sourcing their own motor quotes. This is because it facilitates:

- our onsite assessment;
- immediate repair authorisations.

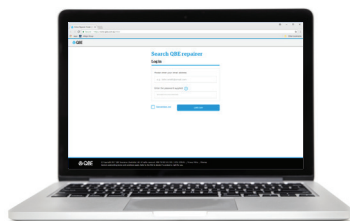

For a better customer claims experience, let QBE manage the repair process. Simply lodge the claim and a QBE Accredited Smash Repairer will be in contact with your client within 4 business hours.

## Broker benefits

- **Minimal follow up using the QBE ASR Network.**
- **Quality repairs.**
- **Smooth claims experience.**
- **Let QBE handle the repairs for you.**

## Speed up the repairs process today!
